School Vision

It is God's greatest glory that each and every St. Marian will be honored and distinguished as she is and what she can become.

School Mission

We are committed to a belief that all our students CAN develop to their full capacity. We provide a positive learning environment for the promotion of the whole person grounded in Christian virtues and the formation of heart, to empower them all to make the best use of God's given talents in service to their fellowmen.

We achieve our mission:

- **By instilling in our students a love for learning with the ability to think critically and creatively;**
- **By placing our hope in everyone and encouraging all of them to work and to develop their God given abilities and talents;**
- **By inculcating the Christian virtues of charity, humility and moral integrity which are fundamental to individual growth;**
- **By enabling students to achieve clearly-defined goals which give meaning to their lives; and**
- **By means of concerted effort of the whole staff in grooming students as responsible citizens who are committed to serving the needy and contributing to the well-being of our society and our country.**

- is able to choose a style of life in accordance to Christian values.

SWOT Analysis for 2018-2021 Cycle

STRENGTHS

- The school has a very strong religious atmosphere emphasizing humility in charity, thus cultivating students' willingness to learn and to serve.
- Students' overall ability is above average, resulting in satisfactory academic performance and public examination results.
- Most teachers are very experienced and well aware of students' needs.
- Parents and past students are supportive to school.
- Students are proud of the school history and its architecture and have developed a strong sense of belonging.
- The school provides numerous opportunities for students to showcase their talents, enabling students to develop their talents, sense of confidence and achievement.
- Parents are enthusiastic in voluntary work in school, thus fostering school-family communication.
- The Past Student Association is well established and proactive in offering support to current students, especially in careers planning.

WEAKNESSES

- There is not enough space to accommodate more teachers and classrooms to implement small class teaching to cater for diverse learning needs.
- The limited space in the campus results in the competition for venues among different departments and teams, which limit the frequency, format and variety of curricular and extracurricular activities.
- The absence of elevators in most buildings within the campus limited the usage of rooms in the top floors. It also causes long term physical strain on staff members as a result of frequent negotiating with numerous flights of stairs.
- There is inadequate support from the government in maintaining and preserving the school buildings, two of which have been assessed as Grade 1 Historical Buildings by the Antiquities Advisory Board. Bureaucratic red-tape delays maintenance work which causes inconvenience and even danger to members in the school community.
- The average class size in our school is generally higher than the Hong Kong average of 27.6 (2017/18). As a result, the government funding policy on class basis results in less resource per student when compared to other schools.

OPPORTUNITIES

- More resources have been allocated to upgrade school IT infrastructure, thus facilitating the implementation of eAdministration and mLearning to enhance efficiency.
- More funds are available for school to hire extra manpower for after-school interest classes to realize holistic development.
- Retired teachers are willing to offer support in various administration units to relieve teachers' workload.
- There are more non-government organizations offering services to support activities which help develop student character, leadership skills and Catholic values.
- The Through-train Steering Committee, formed by representatives of SMCC, SMCS and HACS, enables effective communication and collaboration among the three schools to ensure the smooth operation of the Through-train mode.

THREATS

- The implementation of through-train mode results in diverse abilities among students which require teachers to spend extra time and efforts in designing graded curriculum and tasks to cater to the wider learner spectrum.
- The more competitive atmosphere which might not have been so explicit in primary school life causes stress among students and gives rise to mental health issues.
- Students seem to lack resilience, self-management skills and social skills because of being over-protected at home.
- Students are spending much time on electronic gadgets, resulting in sleeping problem, hence, poor response during lessons.
- Learning motivation and sense of crisis of students appear to be lower because of the through-train mode as a place in the secondary section has already been secured since P1.
- A number of experienced senior teachers will retire within 5 years, and hence giving rise to the urgency for succession planning.

Medium of Instruction

St. Mary's Canossian College would continue to adopt English as the medium of instructions for all non-language subjects for all Form 1 students admitted in the 2019/20 school year.

We have put the 'Language on Campus Policy' in place to enrich the English Language environment. Details of the policy are as follows:

Language on Campus Policy

i) Related to Learning and Teaching:

- All subjects should be taught in English except Chinese related subjects.
- Outside the classroom, teachers should speak to the students in the same language that they use in the classroom. English medium subjects in English, Chinese medium subjects in PTH.
- To maintain high standards in use of language on campus, students are required to speak in full language at all times, that is, using proper and accurate English and Chinese (PTH), inside and outside the classroom.
- Students should use dignified language and refrain from using unacceptable language at all times.
- Students should make the effort and encourage one another to exchange views in English/PTH at all times on campus and should avoid using mixed codes in their conversations.

ii) Related to Student Activities:

- **All whole school assemblies** should be conducted in English, except for specific occasions as needs arise.
- **School functions and club activities** should be conducted primarily in English supplemented by Chinese (Putonghua) or completely in PTH if deemed appropriate and necessary.
- Proper language should be used for **materials on display boards and all publicity documents such as circulars, notices etc.** All written documents should be in proper written form and mixed codes are not accepted.
- **All class announcements** should be made in proper English (except those related to subjects taught in Chinese-PTH).
- **All messages or notes written on the blackboard** should be in proper written English / Chinese as required. Mixed codes are not allowed.

Ways to sustain the Language on Campus Policy

- **For Class Teachers :**
 - explain the language policy included in the School Core Values in Practice in the student handbook;
 - regularly monitor students' conscientiousness in observing the language policy; and
 - spot check and make rectifications where necessary.

- **For Student Council :**
 - incorporate the language policy requirements in the guidelines given to all student bodies;
 - check and monitor to ensure all publicity materials are written or made according to language policy;
 - check and monitor to ensure all activities are conducted according to language policy and
 - regularly hold activities to promote the language policy.

- **For House Advisors and CCA Advisors :**
 - incorporate the language policy requirements in the guidelines or instructions given to houses and clubs;
 - monitor and maintain the standard of language used in announcements, meetings and publication materials;
 - language related clubs (i.e. English Society, Chinese Culture Society, Debate Clubs, etc.) should regularly hold activities to promote the language policy; and
 - demand all general assemblies be conducted in English.

- **For Subject Teachers :**
 - observe the policy on teaching medium;
 - monitor and demand students express themselves fully in proper language and
 - speak to students in the same language used for teaching inside and outside the classroom.
