

St. Mary's Canossian College
125th Anniversary Fundraising Project

St. Mary's Canossian College, being one of the schools founded by the Canossian Sisters as they arrived in 1860, has proudly served the Hong Kong community for over 125 years.

Guided by our mission to groom each student to reach their fullest potential, the school has undergone countless evolutions and transitions throughout its long history. While our core purpose and commitment remain steadfast, we continue to strive to harness breakthrough technologies in transforming learning and teaching. We, therefore, launch this fundraising project to appeal to your generous sponsorship to support our various initiatives in bringing forth our anniversary theme: Heritage and Innovation.

By partnering with us, you can play a vital role in shaping the next milestone of St. Mary's Canossian College's legacy of academic excellence and character formation. Together, we can ensure the school remains a beacon of opportunity for generations to come.

Your generous support is greatly appreciated in funding the following projects:

1. "Bring Me Home" Project (Target: \$500,000)

The big camphor tree next to the staircase in the middle of our big steps was removed in March 2023 because of safety issues. As the tree has been providing shading and purifying air quality for us for over a century, the school has initiated the "Bring Me Home" project to honour its beauty and contribution. The wood cut from the tree will be made into furniture and decorative pieces to be placed on campus. Furthermore, practical and interesting objects will be carved to become 125th anniversary souvenirs. A wooden donor wall will also be hoisted at a prominent place in school to pay tribute to the fundraising project donors.

2. Installation of LED Walls (Target: \$1,000,000)

The installation of LED walls in our School Hall & Gym is essential to modernize our learning environment and enhance the overall educational experience for our students. This technology will provide a dynamic platform for presentations, performances and events, allowing/offering more engaging and interactive learning opportunities. The LED wall will also serve as a valuable resource for showcasing student achievements, disseminating important information, and promoting school events. By investing in this innovative technology, we are ensuring that our school remains at the forefront of educational advancements and continues to provide our students with the best possible learning environment.

3. Upgrading Classroom Facilities (Target: \$1,500,000)

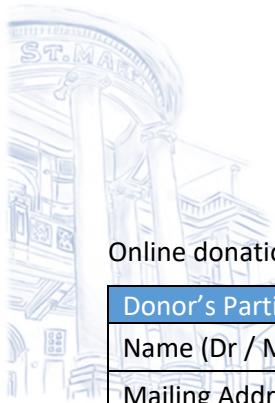

Upgrading our classroom facilities, such as replacing chalkboards with SMART TVs and revamping the aging microphone and PA system, is crucial to guaranteeing that our students have access to the latest technology and resources that to nurture their digital competence. Modernizing such facilities will also allow teachers to deliver lessons more effectively, incorporate multimedia content into their teaching, and provide students with more interactive learning opportunities.

4. School Campus Model (Target: \$200,000)

To commemorate 125 years of growth and transformation at St. Mary's Canossian College, we plan to produce a detailed scale model showcasing our enchanting school campus as it will appear in 2025. This model will serve as a meaningful record and keepsake, allowing our community to reminisce the cherished spaces where generations of St. Marians have learned and thrived.

What's more, your generous donation will also contribute to the **continuous development** of the School. Your donation will help write the next chapter in our rich 125-year history.

St. Mary's Canossian College
125th Anniversary Fundraising Project
Donation Form

Online donation form can be accessed via <https://forms.gle/S4i9Z7vLCVTKcxyUA>.
